Outer Harbour Southern Breakwater Illumination

MARINERS ARE ADVISED that the land based floodlighting which illuminates the wave wall and rock armour of the Outer Harbour southern breakwater is currently operating intermittently. As a consequence, during hours of darkness or in restricted visibility the breakwater may be difficult to visually identify until within very close range.

The IALA Aids to Navigation located on the Outer Harbour and River Port entrances are unaffected.

This Notice to Mariners will be cancelled when the floodlighting has been rectified.

On behalf of **Harbour Master**
(Great Yarmouth Port Company Ltd
as Agent for Great Yarmouth Port Authority)
